RE: New Preliminary Certified Survey Forms

Included here are revised preliminary certified survey map sheets in different sizes and configurations. Our intention is that, with these larger forms, you will be able to put the preliminary maps on the same sheet that the Town and County sign, thus clarifying approval of each map. Please begin using these sheets immediately; they are also available on the Zoning webpage at www.co.jefferson.wi.us for your convenience.

If you have any questions, feel free to contact Rob at 920-674-7113.
